TECHNICAL SKILLS

Programming Languages: Java, C, JavaScript, Python, DSA
Version Control: Git and GitHub
Communication: English, Hindi
Database: MySQL, Supabase, MongoDB
FrontEnd Development: HTML, CSS, ReactJS
BackEnd Development: NodeJS, ExpressJS
Framework: Core Spring (Inversion of Control, Dependency Injection)

EDUCATION

Chitkara University Punjab
Bachelors of Engineering in Computer Science and Engineering (CGPA of 9.12) *June 2024 – August 2028*

Kendriya Vidyalaya
12th Non Medical (Percentage of 80) *April 2023 – June 2024*

Kendriya Vidyalaya
10th Standard (Percentage of 85.2) *April 2021 – June 2022*

PROJECTS

Medisynn | *React JS, Node JS, AI Integration*

- Developed a full-stack healthcare platform integrating an AI-powered chatbot for real-time symptom analysis and health assessment.
- Designed an intuitive dashboard allowing users to save and track personal health records with CRUD capabilities.
- The application includes doctor discovery, an emergency assistance module, and an informative health blog to support user well-being.

Chatify | *Tauri, React JS, TypeScript, Socket.io, Supabase*

- Developed a cross-platform real-time chat application using Tauri and React JS, supporting both desktop and Android with a mobile-first responsive UI.
- Socket.io is utilized for real-time, bidirectional messaging with multi-device sync across sessions using a nested socket mapping architecture.
- Application includes voice messaging, typing indicators, online status tracking, and a signed auto-update system for desktop builds.
